MEMORANDUM

SUBJECT: Maline Creek
St. Louis, Missouri

FROM: David A. Wagoner, Director
Waste Management Division

TO: Billy Fairless, Director
Environmental Services Division

We request that you perform a Removal Site Evaluation on the subject site. The site is the location of an asbestos waste landfill on the banks of Maline Creek in St. Louis. A considerable amount of asbestos pipe is located in and along the creek. Don Hamera, OSC, of your division has visited the site and has coordinated the exchange of file information with Greg Reesor of my staff. If you have any questions, please call Greg at X7695.
